1. The Rumanian branch of the Swiss firm, Sulzer Freres, which had its offices and depot at 151 Soseaua Vergului (formerly Bulevardul Muncii) in Bucharest, was nationalized in 1948 and merged with other enterprises of the Ministry of Construction to become the State Enterprise for Installations No. 21. It now has its main office at 17 Calea Dimitrie Sturdza, with workshops and depot in Soseaua Vergului, and employs a total of approximately 500 persons. The Enterprise constructs sanitary, central heating and ventilation installations for military and government buildings.
2. The Enterprise took over a very large stock of pipes, taps, et cetera, and china and earthenware fittings from Sulzer Freres. A stock of metal and china fittings still remains, but there is a shortage of certain items, particularly for central heating installations. In 1951 the Enterprise received water and sewage pipes from Poland and from the 23 August Factory.
3. During the years 1950 and 1951 work was done in the following buildings:
 - a. Sanitarium at Bisericani near Bucharest.
 - b. Ministry of the Interior, Bucharest.
 - c. Radio Company Building (Calea Popa Tatu).
 - d. Rumania Opera House
 - e. Aviation Center near Buzau.
